

S E C R E T

NOTE: A machine-run circa 7 July 1970 provided the statistical data for this report. Since that run, continuing input for FY'70 training has been sufficiently large to warrant another FY'70 run, for purposes of comparison, late this year -- input will continue well into the fall. If the post-FY'70 input is considered a significant figure, an addendum to this report will be published.
